

Propane Vehicle and Mower Rebate Rules and Regulations

WHO AND WHAT IS ELIGIBLE? Rebates are available to propane customers who reside in Ohio for eligible purchases on a new propane vehicle or a new propane lawn mower. Propane companies and their employees are eligible to receive rebates.

WHAT VEHICLES ARE ELIGIBLE? Any new OEM vehicle or lawn mower system that is approved by the U.S. Environmental Protection Agency and is registered and operated in the state of Ohio is eligible for a \$1,000 incentive payment. All federal and state incentives must be applied prior to receiving rebate funds, and the funds may be used for the incremental cost of propane vehicle versus gasoline or diesel vehicle only. There is a limit of five rebates issued to any single entity.

WHAT DO I HAVE TO DO IN EXCHANGE FOR THE REBATE FUNDS?

An initial survey and final survey completed electronically are required for each vehicle receiving an incentive. The rebate recipient also agrees to maintain and submit a report of miles driven for vehicles or hours used for mowers; gallons of propane used; and anecdotal performance characteristics that will be submitted electronically a year from the time the rebate is received. The data collected will be used to produce a document which will assist the propane industry and vehicle manufacturers with necessary data needed to evaluate vehicle performance on propane vs. gasoline, to make improvements to the vehicles and to sell the use of propane as an alternative motor fuel. 50% of the incentive will be paid after the application is submitted and the initial survey is completed. The second 50% of the incentive will be paid after the final survey is completed and the data report is completed.

WHEN DOES THE PROGRAM BEGIN AND END? The rebate program ends December 31, 2017, or when program funds are exhausted. The payment of a rebate under the program or this agreement is subject to available funds. If available funds run out during the program year, OPGA may elect to carry over applications until the next program year. All eligible purchases must occur during the rebate program.

Completed and approved applications should have a rebate check issued within 60-90 days after the application is received at the OPGA office, subject to available funds. No applicant has a legal right or other entitlement to receive rebates under the program or this agreement. A completed application does not bind OPGA to approve or pay a rebate to any applicant.

An applicant or propane marketer may be suspended from, or declared ineligible to participate in the rebate program if the OPGA determines that the applicant or propane marketer has submitted false information or otherwise violated program terms and conditions. Within 30 days after OPGA suspends or declares an applicant or propane marketer ineligible, the applicant or propane marketer may appeal the action by submitting the appeal in writing to OPGA. Actions taken by OPGA with respect to the appeal will be final. An applicant or propane marketer who submits false information pertinent to a rebate is subject to criminal and civil penalties including U.S. Mail fraud.

Ohio Propane Vehicle Rebate Application

Submit this completed form with the required documentation to the Ohio Propane Gas Association (OPGA) at the address at the bottom of this page.

Rebate Pre-approval #

To apply for this rebate:

- 1) Applicant and the applicant's propane marketer must sign the application;
- 2) Attach the invoice for the vehicle or retrofit system; and
- 3) Keep a copy of the completed application and all necessary documentation for your records.
